

Mancunian Boxer Club,

Lach Dennis Village Hall, Lach Dennis Cheshire CW7 7SZ

Sunday 31st August 2025

Many thanks to the Committee for the Invitation to Judge at the double Open Show, and was supported by a quality entry, so thanks to the Exhibitors and my Steward Wayne. Seems many years ago I judged at Trent Boxer Match remember it was a very late finish due to the sheer amount of attendance back then. Always loved boxers as a 5 year old child there was one in our small village and was an absolutely clown and lived next door to an Old English Sheepdog little did I know back then where they would lead me.

I did notice there were a few with longer loins which affected the squareness and a few tall on the leg. Often Exhibits rears were slightly over extended when stacked, but when stood naturally set themselves up with a better shape. Bites varied in the amount of length to under jaws. Feet also varied and should be cat like with arched toes which some lacked, this also effects the shape to the pasterns. Underlines were generally good some really promising exhibits destined for titles easily. Sadly were inside as quite windy and I'm sure some would have given a stronger performance moving outside really on another day places may have changed.
